4. STATEMENT OF COMMITMENT TO CHILD SAFETY

AIAE is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

5. ROLES AND RESPONSIBILITIES

School leadership team:

Our school leadership team (comprising the Executive Principal, Campus Heads and Deputy Campus Heads) is responsible for ensuring that a strong child safe culture is created and maintained, and that policies and practices are effectively developed and implemented in accordance with Ministerial Order 1359.

AIAE Board:

In performing the functions and powers given to them under the *Education and Training Reform Act 2006*, board members will:

- champion and promote a child safe culture with the broader school community
- ensure that child safety is a regular agenda item at board meetings. [It is not necessary to discuss child safety at every board meeting, but child safety should be discussed at some meetings to ensure that a culture of child safety is being embedded and board members are informed and understand the issues]
- undertake annual training on child safety, (Board members can use the Child Safe Standards School Council Training slide presentation available on [PROTECT](#).)
- approve updates to, and act in accordance with the Child Safety Code of Conduct to the extent that it applies to members
- when hiring board members/employees, ensure that selection, supervision, and management practices are child safe. At AIAE, board employment duties are delegated to the Executive principal who is bound by this policy.

Specific staff child safety responsibilities

AIAE has nominated Deputy Campus Heads at each campus to be the child safety champions to support the Campus Head and the Executive Principal to implement our child safety policies and practices, including staff and volunteer training. Board has also nominated one person to be the Board child safety champion.

The responsibilities of the child safety champion are outlined at [Guidance for child safety champions](#).

The Executive Principal, Campus Heads and each child safety champion are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- Executive Principal and Campus Head are responsible for monitoring the school's compliance with the Child Safety and Wellbeing Policy. Anyone in our school community should approach Campus Head or Deputy Campus Head, if they have any concerns about the school's compliance with the Child Safety and Wellbeing Policy.
- Executive Principal and Campus Head are responsible for informing the school community about this policy, and making it publicly available
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

Our school has also established a Child Safety and Wellbeing Team and a Student Reference Group (SRC and captaincy teams) on child safety. The Child Safety and Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing. The Student Reference Group provides an opportunity for students to provide input into school strategies.

Our Risk Management Committee monitors the Child Safety Risk Register.

6. CHILD SAFETY CODE OF CONDUCT

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

[The Child Safety Code of Conduct](#) also includes processes to report inappropriate behaviour.

7. MANAGING RISKS TO CHILD SAFETY AND WELLBEING

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

8. ESTABLISHING A CULTURALLY SAFE ENVIRONMENT

At AIAE, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed strategies to promote cultural safety in our school community:

9. STUDENT EMPOWERMENT

To support child safety and wellbeing at AIAE we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging.

We inform students of their rights through and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at the campus office.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

10. FAMILY ENGAGEMENT

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at AIAE we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- Parent information sessions, through the parent portal on Compass, school website, newsletters, other formal or informal communications, AIAE Board, subcommittees of the Board, student and meetings.

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people

- children unable to live at home or impacted by family violence

Staff will be monitored and assessed to ensure their continuing suitability for child-connected work. This will be done by Teacher performance reviews and non-teacher performance reviews.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school and our legal obligations. Child safety and wellbeing will be paramount.

Suitability of volunteers

All volunteers are required to comply with policies on the CompliSpace platform especially the volunteers section on the Child Safety Human Resources Management - Child Safety Recruitment Practices.

13. CHILD SAFETY KNOWLEDGE, SKILLS AND AWARENESS

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Staff child safety and wellbeing training will be delivered at least annually and will include guidance on:

- AIAE's child safety and wellbeing policies, procedures, codes, and practices

AIAE fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in the [Complaints Handling Policy](#) .

- If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including AIAE Board members or employees) must follow [Procedures for Responding to and Reporting Child Safety Incidents or Concerns](#)

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our [Student Welfare and Counselling Policy](#) and [Bullying Prevention & Harassment Policy](#) cover complaints and concerns relating to student physical violence or other harmful behaviours.

15. COMMUNICATIONS
